PROJECTS

Movie Set Analysis
By using the Python Numpy, pandas I analyze with Movie is the best movie and which director is the best one by taking movie data set from 1916 to 2016

Stock Market Analysis
Taking stock market raw data set. By performing some commands using SQL I found which stock to be Sold, Hold, or to Buy.

Gym Management System using Python
I made a fully working website using the python Tkinter class. And also give the Database connection to this project, which helps to store the Gym customer data.

Excel Interactive Dashboard
To create a Dashboard, I download raw dataset from kaggle website of Supermarket sales. By seeing this dashboard we can easily find that number sales according to region, profit etc...,
